**Dear Hiring Manager,**  
**AFMC**

I am writing to express my interest in the Healthcare Data Scientist I position at AFMC. With a Master's in Data Science and over four years of experience in data analytics, I am eager to apply my skills in SAS and geospatial software to support your mission of improving healthcare outcomes.

At Deloitte, I gained valuable experience using SAS for data manipulation, statistical analysis, and predictive modeling, enabling clients to make data-driven decisions. Additionally, I utilized geospatial software to analyze spatial data and visualize trends, essential for optimizing healthcare delivery.

My academic background at Rutgers University further solidified my expertise in healthcare data analysis, particularly in using geospatial techniques to improve healthcare accessibility. I am excited about the opportunity to bring my skills to AFMC and contribute to advancing healthcare solutions.

Thank you for your time and consideration.

Sincerely,

**Ganesh Raj K**
